# First Response Panel

We have built our offering around being strong in the areas we practice and closely partner with other leaders in the ecosystem who are dedicated experts in their own fields.

Depending on your needs, we have curated a fit-for-purpose and multi-disciplinary network of First Response service providers to ensure your every need is met.

## The Atmos First Response Panel offers:

- Pre-onboarded vendors that are available to triage your incident within 60 minutes of your first call
- A flexible approach to work with your existing team and vendors
- Reduced rates and fixed pricing for BEC and account takeovers
- Immediate access to support quickly including priority support for CAT events
- Access to a team that is well versed in working together seamlessly to drive efficiencies

Our First Response Team has worked with each of our hand-selected vendors for many years.

This provides you with certainty that you get:

- A cohesive team that works well together
- Best in class support to augment your existing team
- Bandwidth to continue to manage BAU while our team advances the investigation
- Cost effective and clear advice from a team that has done this many times before

When recommending a particular Atmos First Response provider, we help you navigate common concerns including:

- Capability requirements
- Capacity constraints
- Conflict management
- Engagement and scope management
- Legal professional privilege
